New Dimensions in Health Care Receives Stewart's Grant Money Awarded for Children's Dental Program

AMSTERDAM- New Dimensions in Health Care (NDHC) has been awarded a \$1,250 grant from Stewart's Holiday Match program. Funds from the Match program will be used to support the center's vital outreach dental program, 1-2-3 Smile!

The 1-2-3 Smile! program focuses on educating children ages three through ten on proper dental hygiene. Each year, dental professionals from NDHC visit local schools during the month of February (National Children's Dental Health Month) to discuss the importance of eating healthy foods, visiting the dentist and practicing correct tooth brushing techniques.

In 2018, approximately 550 children experienced 1-2-3 Smile! and it is estimated that, in 2019, a total of 800 children will participate in the program. Funding from the Stewart's Holiday Match will allow NDHC to expand these educational opportunities in Montgomery County and neighboring areas.
