In partnership with the Amsterdam Mohawks, Liberty ARC held the agency's annual Night at the Mohawks on July 22 at the Rao Family Stadium at Shuttleworth Park in Amsterdam. The night honors disability awareness in the community. During the special night, people supported by Liberty ARC and staff took part in a Miracle Game with the Amsterdam Mohawks. The game allowed people with disabilities to have the opportunity to play baseball in an inclusive and encouraging setting. New York State Assemblyman Angelo Santabarbara and his son, Michael Santabarbara, also took part in the festivities. Liberty ARC's bell choir, the Bell Tones, also played the National Anthem in front of the packed stadium.
